To Join the proposed:

***The Sovereign Manufacturing
Automation for Composites
Cooperative Research Centre (The SoMAC CRC)***

Dear Colleagues, please join as foundation partners!

The Australian manufacturing sector has a growing need to expand its reach, particularly in the face of [Australia's National Priorities](#) as recently announced by Prime Minister, The Honorable Scott Morrison.

Please indicate non-binding support for The SoMAC CRC Bid. The Partner Templates will be sent upon receipt. (Refer bottom of page 1).

A selection of industry innovators is currently planning a Cooperative Research Centre (CRC) to enable automation of composites production.

Foundation partners comprise leaders from the manufacturing sector, interested in composites technology, and production automation, along with leading academic institutions in the sector.
